

Healthy eating habits - food groups

Proteins

Proteins build new cells so that our bodies can arow.

Vitamins and minerals help our bodies to fight infections and to remain healthy.

Carbohydrates

These foods give us energy.

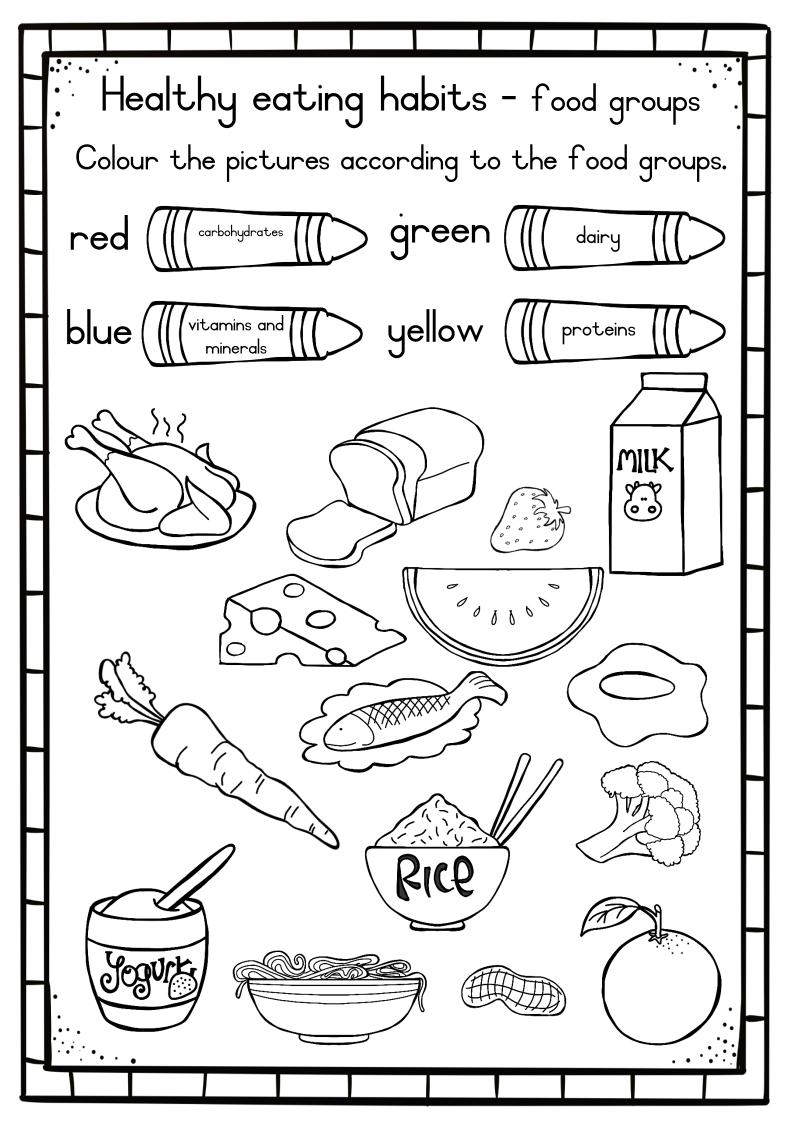

Dairy

Dairy foods make our bones stronger, especially when we are still young and our bones are growing.

Jogur

MIK

Bring a magazine to school. Cut out all the pictures of healthy food and paste it on the page.

What food should we avoid?

Salt

Avoid eating too much salt because it can give you high blood pressure when we are older.

Sugar

Do not eat too much sugar. It can give you diabetes when we are older.

Too much sugar can cause you to become overweight.

Be careful for too much soft drinks, cakes and en chips.

Always wash your hands before you touch food.

2 Do not leave food uncovered.

3 Don't eat old or rotten food.

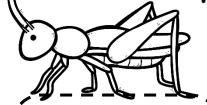

Grow your own vegetables.

Use vegetable peels to make compost for the garden.

Colour the apple for every good	My habits	
habit and the lollipop for every bad habit.	Yes	No
I usually eat in front of the TV.		
I love fruit and vegetables.		
I eat a lot of cake and sweets.		
I rather drink cool drink than water.		
I wash my hands before I eat.		
I love fatty foods such as chips.		
I have breakfast before I go to school.		
I don't eat vegetables.		
I put more salt on my food even if there is already salt in it.		
I drink a few glasses of water every day.		

٠.

The life cycle of a butterfly.

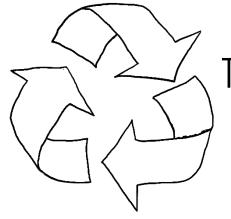

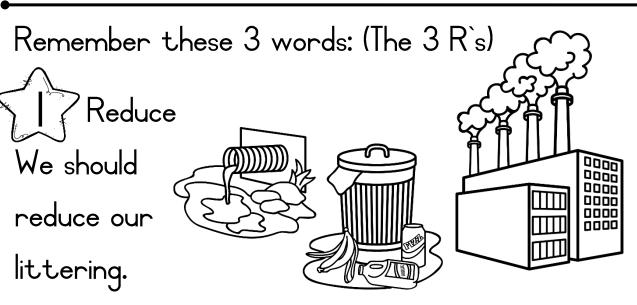

Draw a picture of My pet your pet. What is your pet's name? Draw 4 things you need to do to care for your pet. Then write a caption below each drawing.

Looking after our environment

This is the recycling logo.

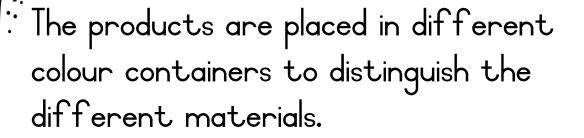

We should re-use as many things as we can before throwing them away.

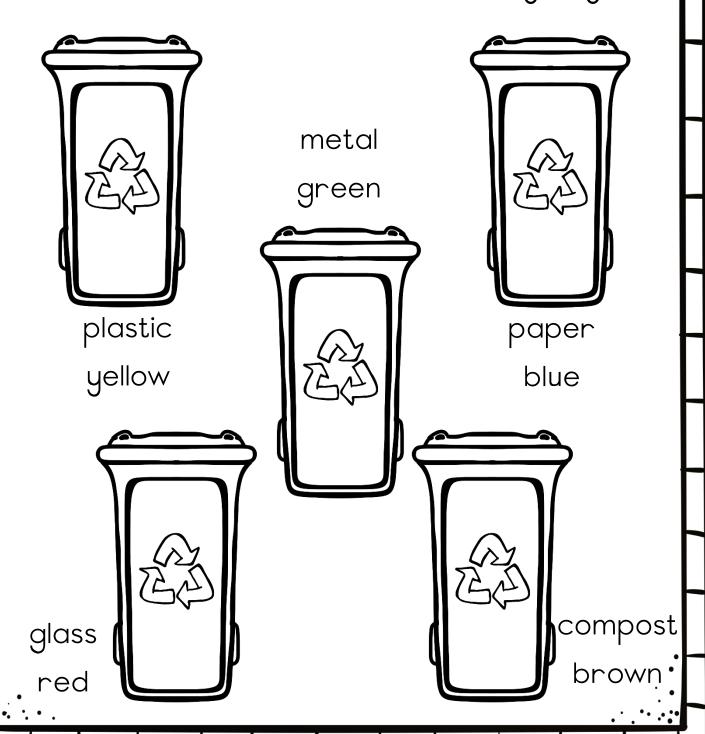

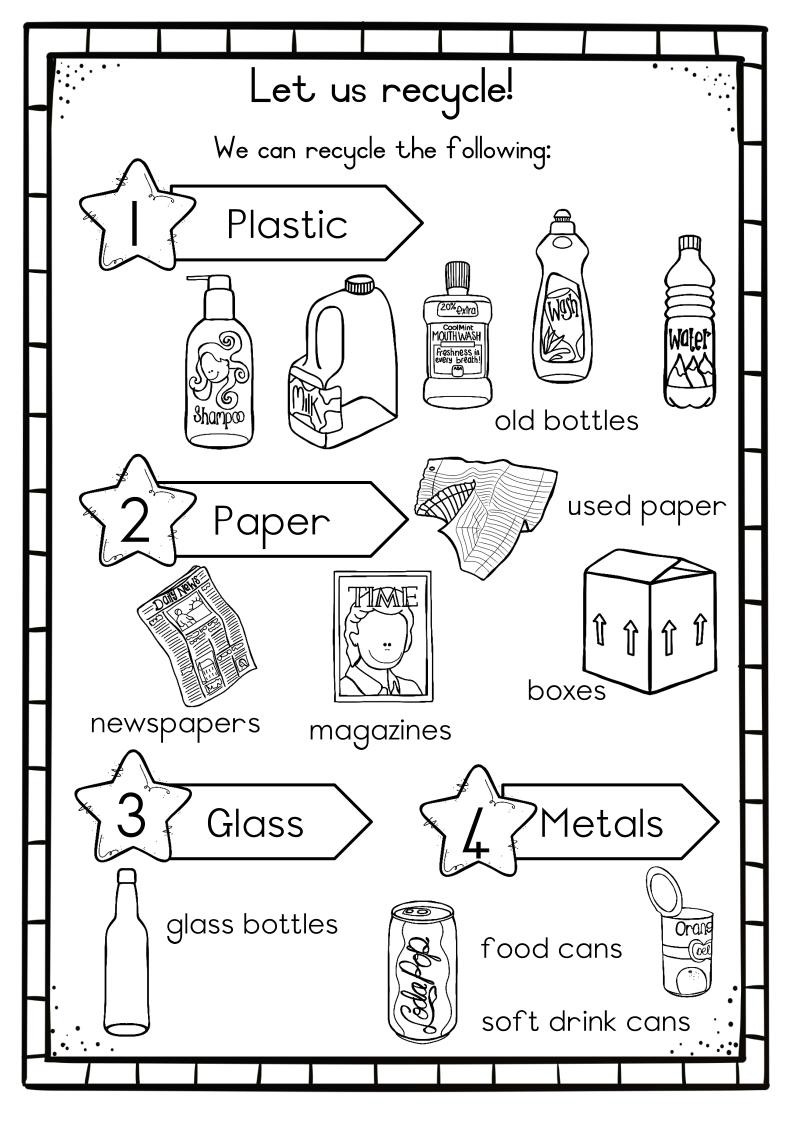

We need to find ways of using paper, bottles and .tins.

Colour the containers in the following ways:

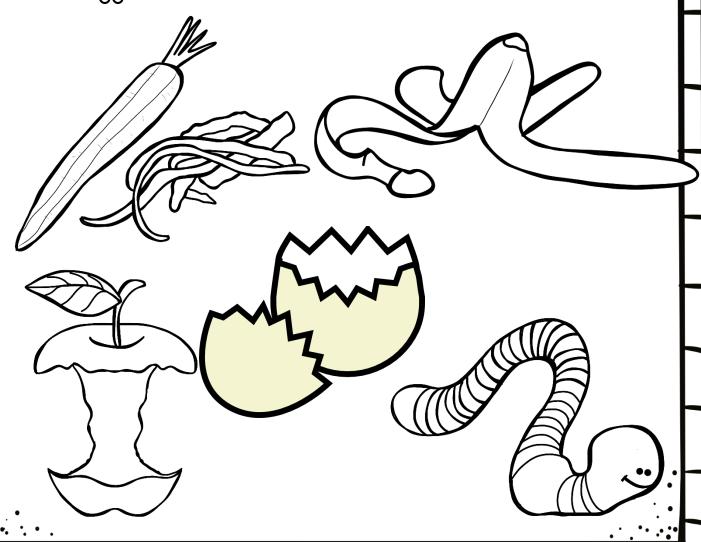

We can keep the soil in our garden in a good condition by adding compost to it.

Compost provides nutrients to plants.

Make your own compost by using the following:

- old fruit and vegetables
- fruit and vegetable peels
- eggshells

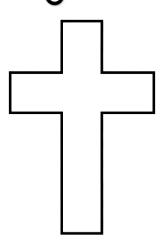

Look at the pictures and write the item in the correct column.

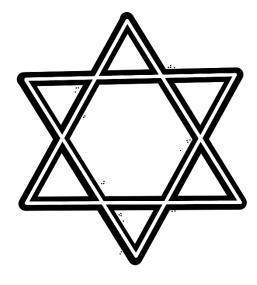

Metals	Plastic	Paper	Glass	Make compost

Religious and other special days

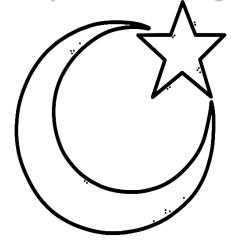

The cross is the Christian symbol.

Jesus, the Son of God, died on a cross for our sins.

The symbol of Judaism is the Star of David. King David was a king of the Israelites.

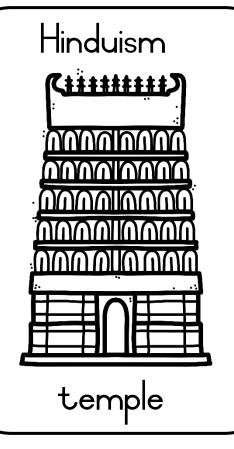

The crescent moon and star form the symbol of Islam.
Moslems pray
5 times every day.

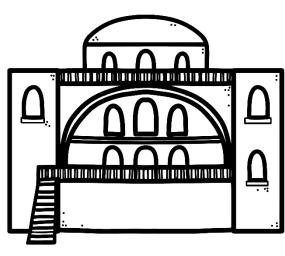

The Hindu symbol is the om sign, which is written in the old Sanskrit language of India.
