I drink a few glasses of water every day.		

Insects

Insects have three body parts:

a head

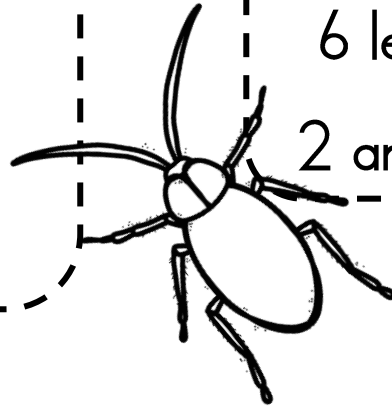

an upper body

a lower body

Insects have

6 legs and

2 antennae

Parts of an ant.

Draw a line from each label to the correct part of the insect.

leg

lower body

upper body

eye

head

antennae

Insects

Use the words in the blocks to label the insects.

locust

bee

fly

mosquito

ant

butterfly

ladybird

moth

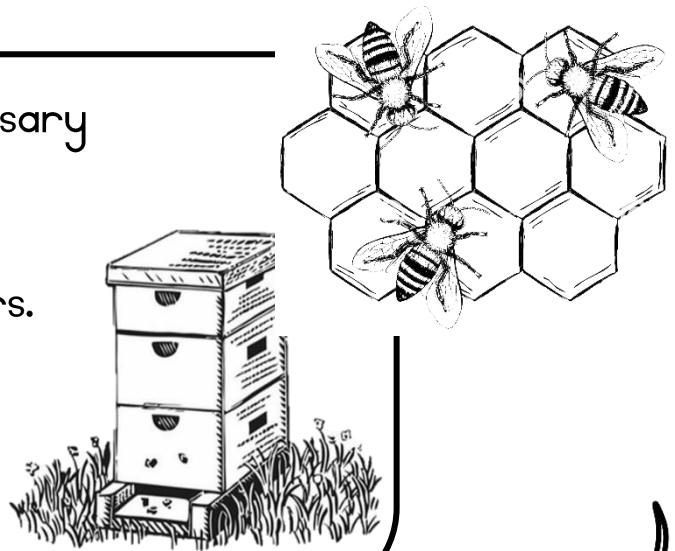

More about insects

Bees spread pollen. This is necessary for fruit to grow.

Bees suck nectar from flowers.
