

# KLEI: GEGEURDE KLEI

Omdat reuk dele van die sintuie is en sintuie deel van ons liggaam is gaan die Juffrou gegeurde klei maak. Elke kleur klei gaan 'n ander reuk he. Die onderwyser Gaan vir die leerder vra na wat dink hulle ruik die klei.

## Benodighede vir die aktiwiteit:

1. 'n Resep om die gegeurde klei te maak.
2. Klei speelgoed by roller, drukkers ensovoorts.
3. Ogies.

1 cup flour  
1/4 cup salt  
2 Tbsp cream of tartar  
1 envelope unsweetened Koolaid  
1 cup water  
1 Tbsp. vegetable oil

1. Mix flour, salt, cream of tartar, Koolaid and water in medium saucepan. Stir in oil.
2. Mix over medium heat for 3-5 minutes until mixture forms a ball in the center of pan. Dough will start darkening in color.
3. Remove from pan {caution: will be HOT}. Knead until soft.
4. Store in airtight container or ziploc bag.

**Koolaid Playdough**

homeschoolcreations.net

Ons gebruik 'n verskeidenheid van koolaid geure om die klei te maak. Lemonade is die enigste geur waar jy kleursel moet voeg om dit bietjie helderder te maak.

Die geure wat jy kan gebruik:

fruit punch {red}  
orange {orange}  
lemonade {yellow}  
lemon-lime {green}  
berry blue {blue}  
grape {purple}

# KLEI: SENSORIESE KLEI

Omdat tas(gevoel) 'n Sensoriese vaardigheid is en dit deep is van die sintuie van die liggaam gaan ek vir die leerdere sensoriese Klei maak. Die klei Gaan anders voel as gewone klei. Dit gan grof, hard ensovoorts wees.

Die klei gaan sag, slymerig en glibberig wees.

## Benodighede vir klei:

3 cups of corn flour (corn starch)  
8 cups of hot water  
1/2 cup of dish detergent  
A good squirt of paint or food coloring (optional)

Mix the corn flour and water together in a large saucepan. To start with it will be hard to mix and a little like goop, but as you add all the water it will turn into a milking liquid

Pop the saucepan on the stove over a moderate heat and stir, stir, stir. Eventually the mixture will begin to thicken. Keep stirring until it becomes thick and begins to go opaque. Take the pot off the heat and allow it to cool.

Mix in the dish detergent – this will make it a little more slippery and slimy and much easier to clean. Add color if you like – we added a hefty squirt of fluoro green paint given to us by Micador
