

People with disabilities

Sign language

Some people can't speak. They use sign language to communicate.

Crutches

Some people use
crutches to help
them walk.

Wheelchair

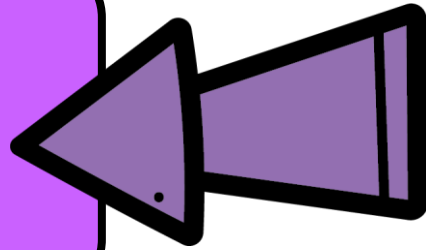

If you can't
walk you are
paralyzed.

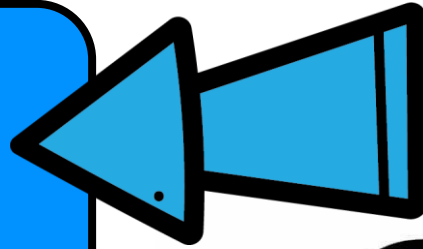

When you can't walk you use
a wheelchair to move around.

Deaf

If you are deaf
you use a
hearing aid to
help you hear.

Blind

People who are
blind use a
guide dog to
help them find
their way.
