Breek die volgende getal op in  
Honderde, Tiene en Ene.

236

200

30

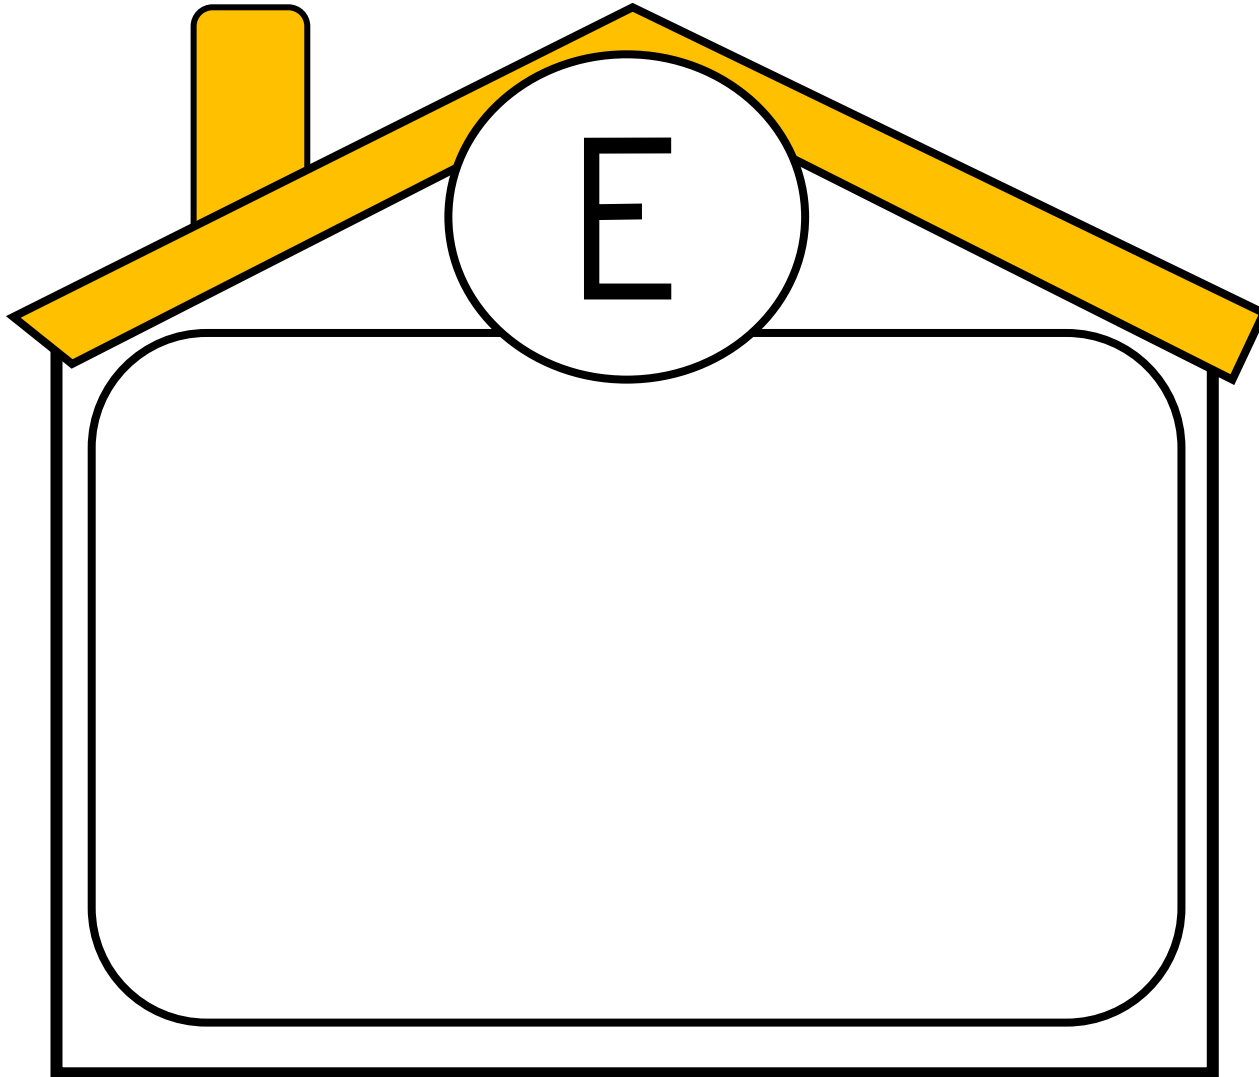

6

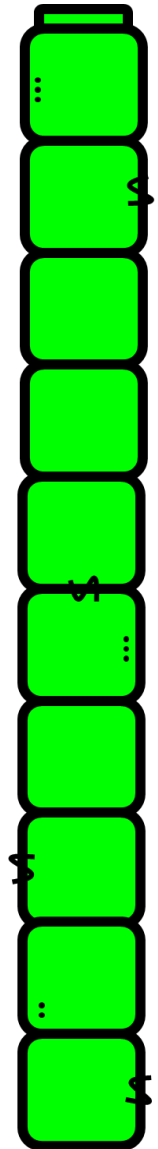

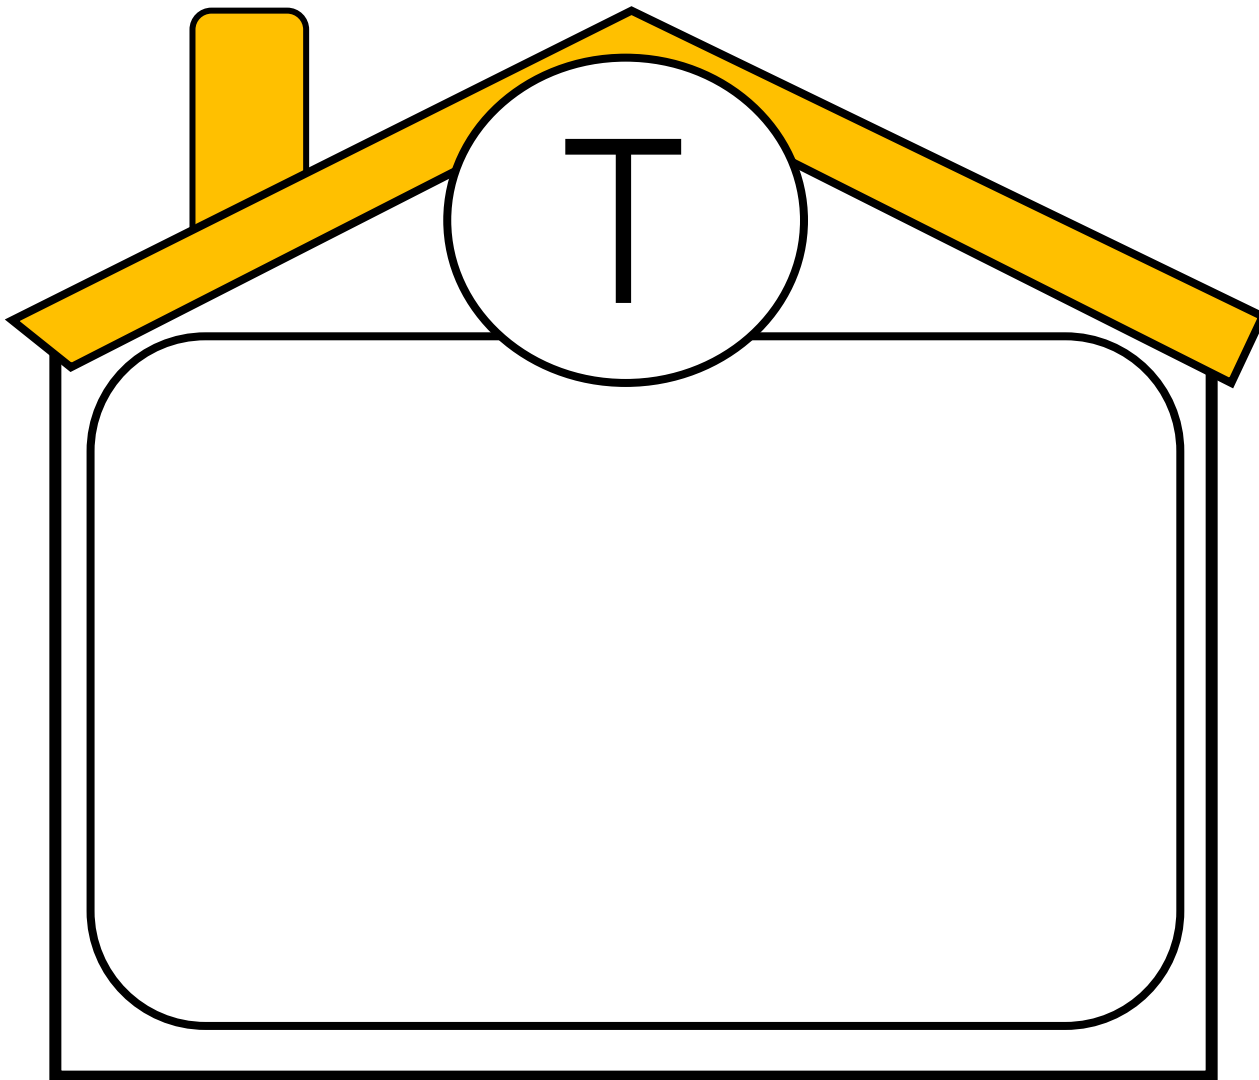

$$236 = 200 + 30 + 6$$

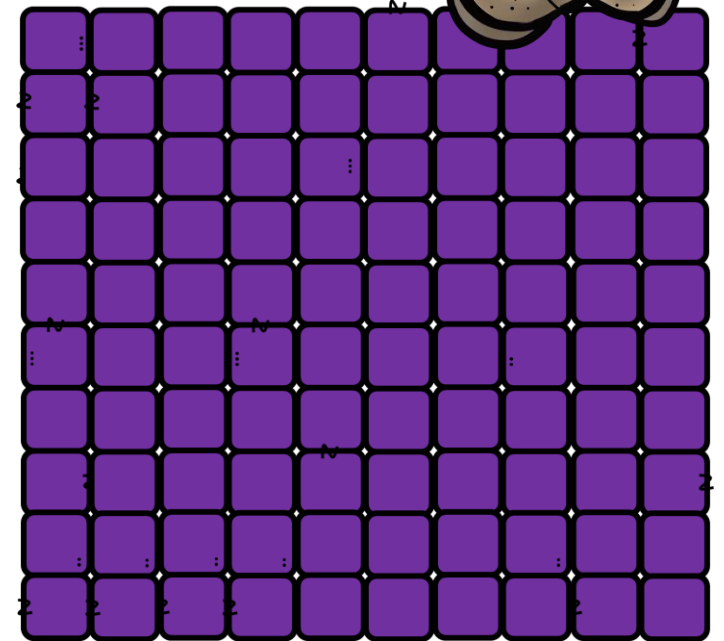

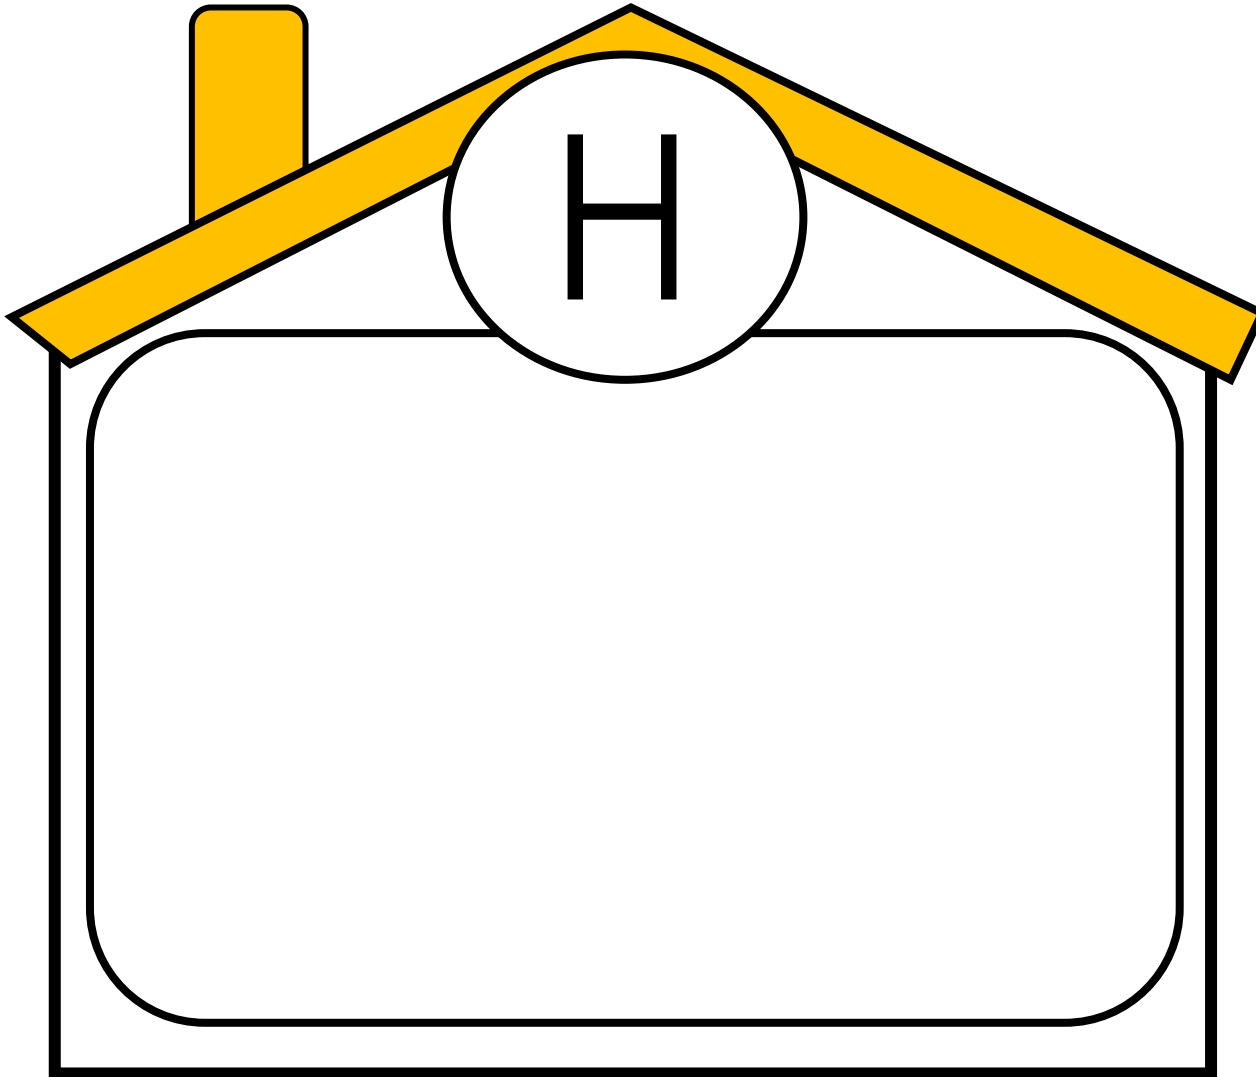

# Juffrou Ene

# Meneer Tiene

# Juffrou Honderde

Juffrou Ene kan nie meer as 9 boeke op 'n slag dra nie. Wanneer sy 10 optel val dit uit haar hande.

Meneer Tiene kom om haar te help dra. Hy kan 10 boeke op 'n slag dra, maar wanneer hy by 99 kom val dit uit sy hande.

Juffrou Honderde hardloop dan om te help. Sy kan 100 boeke op 'n slag dra tot 999.
