

Suiwer

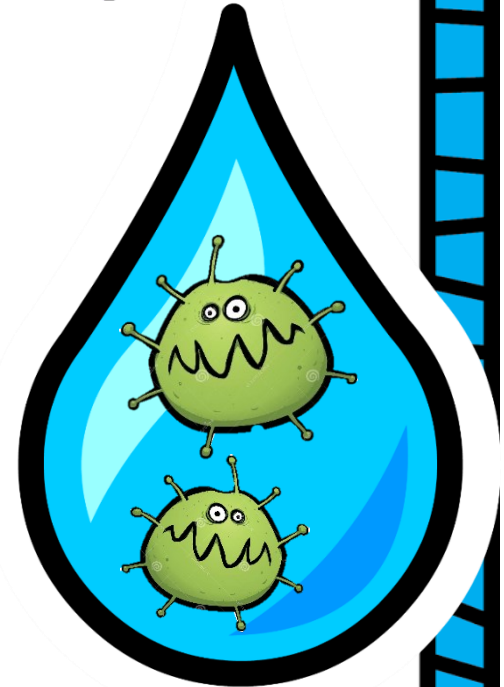

water

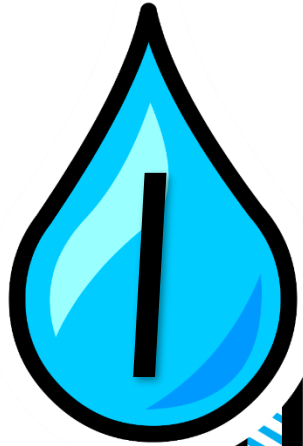

Kieme in water

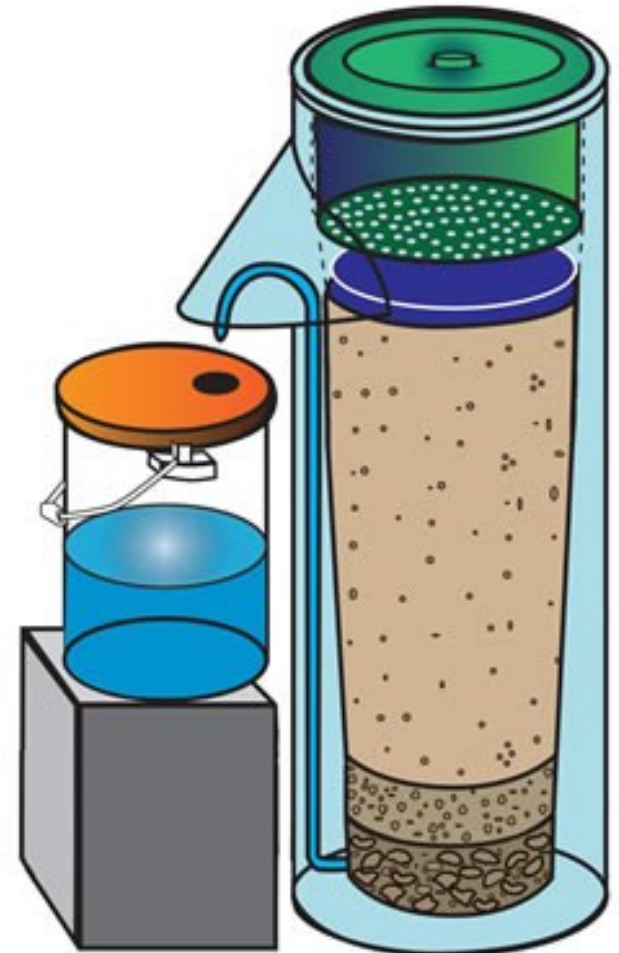

- Kieme in water is so klein ons kan hulle nie met die oog sien nie.
- As ons die water drink sonder om eers van die kieme ontslae te raak, kan ons baie siek word.

Hoe kan ons water suiwer?

Filtreer
die water.

Hoe kan ons water suiwer?

Kook die
water vir 5
minute.

Hoe kan ons water suiwer?

Voeg
chemikalieë
by.

Hoe kan ons water suiwer?
