

Kieme in water

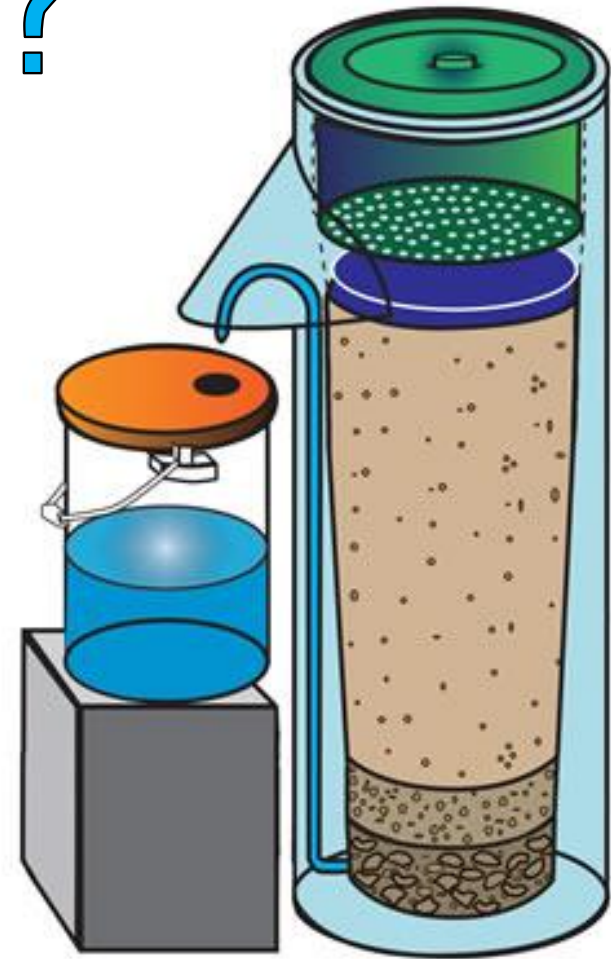

Kieme in water is so klein ons kan hulle nie met die oog sien nie.

As ons die water drink sonder om eers van die kieme ontslae te raak, kan ons baie siek word.

Hoe kan ons water suiwer?

Filtreer die
water.

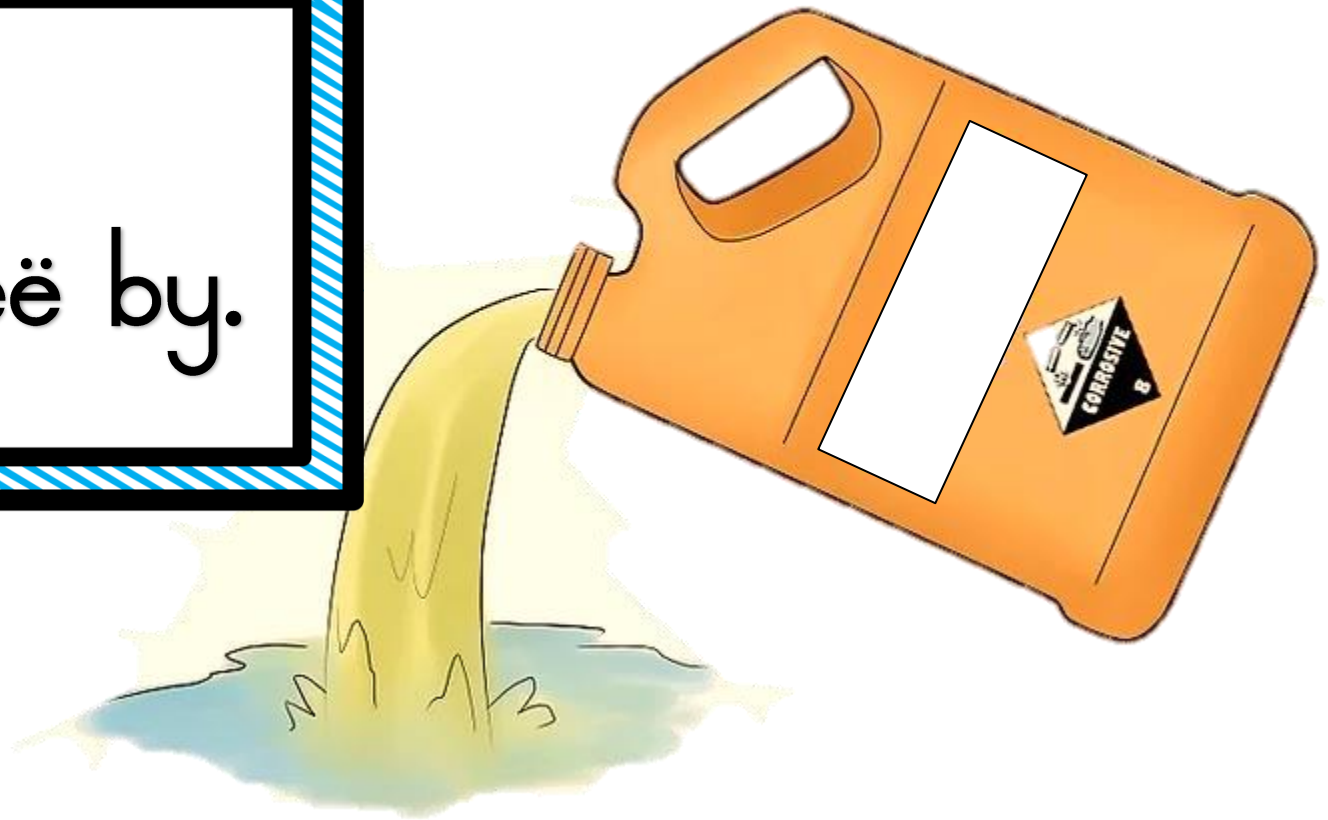

Hoe kan ons water suiwer?

Kook die water
vir 5 minute
lank.

Hoe kan ons water suiwer?

Voeg
chemikalieë by.

Hoe kan ons water suiwer?
